Education

DIT University

Bachelor of Technology in Information Technology

CGPA-7.6

Dehradun, Uttarakhand

September 2020-May 2024

S.D.A. Senior Secondary school

Intermediate (CISCE) CGPA- 6.6

Hapur, Uttar Pradesh

April 2018-March 2019

S.D.A. Senior Secondary school

Matriculate (CISCE) CGPA-8.0

Hapur, Uttar Pradesh

April 2016-March 2017

Projects

Project Alpha | Java | [Link](#)

July 2023-Sept 2023

- Developed an arcade game using java as a core language and its components.
- Used java's swing component to design the layout and game designs.
- Used several concepts like OOPS, DRY, Threading etc.

Port0n | Python, Networking, Linux | [Link](#)

July 2023

- A Python3 tool designed to scan for open ports on a given host.
- It allows you to quickly identify which ports are open and accessible, which can be useful for network troubleshooting or security assessments.

Website-Scrappers and Crawler | Python, Scrapy, BeautifulSoup

March 2024- Present

- Using python to design and develop a website scrapper using the multiple libraries.
- The tool can crawl websites and its pages and output them into a text file.
